### CONTACT LENS EXAMINATION POLICY:

**A Contact Lens Evaluation Fee is charged to the patient on an annual basis.**

Contact lenses are medical devices which require ongoing evaluation to ensure safe and comfortable wear. This service is in addition to your annual comprehensive examination and includes:

- Evaluation of current, or new lens, fit on the eye
- Evaluation of cornea, conjunctival and eyelid health as related to contact lens wear
- Mapping of corneal surface and evaluation of changes compared to baseline mapping
- Progress check related to changes in contact lens prescription or material for 60 days following evaluation and/or fitting of new contact lenses.

Our contact lens service fees are as follows:

#### Annual Evaluation of Existing Contact Lens

<b>Spherical</b>	<b>\$45</b>
<b>Astigmatism</b>	<b>\$50</b>
<b>Mono Vision/Multifocal</b>	<b>\$50</b>
<b>RGP (hard lens)</b>	<b>\$125</b>

- This service is for established contact lens wearers who do not require a change in contact lens material or a substantial change in contact lens prescription. This is reserved for patients that will not need progress checks prior to finalizing a contact lens prescription.

#### New Fitting of Basic Contact Lens Designs

<b>Spherical</b>	<b>\$100</b>
<b>Astigmatism</b>	<b>\$125</b>
<b>Mono Vision/Multifocal</b>	<b>\$150</b>

- This service is for new or established contact lens wears being fit in a new design or material. This includes those who are new to contact lenses are require an insertion and removal training. New wearers will learn how to apply and remove their contact lenses as well as proper care and cleaning.

#### New Fitting of Advanced Contact Lens Design

<b>RGP Spherical</b>	<b>\$150</b>
<b>RGP Toric</b>	<b>\$175</b>
<b>RGP Mono Vision/Multifocal</b>	<b>\$200</b>
<b>Specialty Lenses</b>	<b>\$300</b>

- This service is for new or established rigid gas permeable contact lens wearers being fit in a new design or material. This type of fit generally requires an average of 2-3 visits for progress checks before a final prescription is given.

I have read the above and understand the following:

- The global follow up period for progress checks and finalization of a contact lens prescription is 60 days. After 60 days a \$30 contact lens progress check may apply.
- After 90 days, or once a contact lens has been agreed upon by patient and doctor and has been finalized, a \$75 fee may apply for refitting into an alternative lens.
- Exceptions to this policy are at the discretion of our office.
